

600

METERS CAPACITY

TOP DRIVE HYDRAULIC MACHINE TRAILER / TRUCK

METRE KAPASİTELİ HİDROLİK MAKİNE, DORSE / KAMYON

Technical specifications Teknik Özellikler

		600 m
Baskı Gücü Pressure Force La puissance de pression الضغط	Ton	18
Çekme gücü Pulling Force La force de traction قوة السحب	Ton	34
Rotary Torqu - Çift devir Rotary Torque - Double rotation Couple rotatif - Double rotation عزم الدوران - دوران مزدوج	Nm-rpm	18000 nm-0/80 rpm 9000 nm-80/160 rpm
Delme Çapı Drilling Diameter Le diamètre de perçage قطر الحفر	Inch	6,5-26
Çamur Pompalı With a Mud Pump Avec pompe à boue مع مضخة الطين		
The machine is to drill 600 meters with 12,5 inch and 900 meters with 8,5 inch La machine est capable de forer 600 mètres avec un diamètre de 12,5 pouces et 900 mètres avec un diamètre de 8,5 pouces.		
الالة قادرة على حفر 600 متر بقطر 12,5 بوصة و 900 متر بقطر 8,5 بوصة		

Yüksek derinliklerde üstün performans sağlayabilir. Ayrı ayrı mekanik ve hava basınçlı çalışma sistemlerine sahiptir. CE ve ISO 9001 standartlarına uygun üretim süreçlerine sahiptir.

It can provide superior performance at high depths. It has mechanical and air pressure working systems separately. It has production processes in accordance with CE and ISO 9001 standards.

Il peut offrir des performances supérieures à de grandes profondeurs. Ses processus de production sont conformes aux normes CE et ISO 9001.

يمكن ان توفر أداءا فائقا في الاعماق العميقة.
لديها أنظمة عمل ميكانيكية وضغط هوائي بشكل منفصل
مصنعة وفقا لمعايير CE و ISO 9000.
